

# April 2020 Tebughna School "Home of the Chiefs"

Dear Students and Parents,

I miss you! It felt like my heart broke when I first found out that we could not be spending our regular days together. I know you are all in good hands because we have wonderful family in Tyonek. But I miss each of you being part of my life on a daily basis.

However, please know that although our school is closed, school is still ongoing. All of the teachers, myself included, have been trying to put together valuable and interesting lessons for you. We want you to keep your skills up and move ahead for fourth quarter. Grades will be posted weekly on PowerSchool, as we are able to look through your completed work.

Please continue to do your very best. Call if you have any questions or suggestions. Or just feel like chatting. I would LOVE to hear from you!

I hope you know that I miss seeing you every day. There is no school without each of you. School IS you! It is our relationship together. I miss your smiles. And your face lighting up when you learn something new. Or even the look on your face when you don't understand, and you allow me to try to make the subject less confusing.

Please remember to stay strong through all of this. I share in your losses: NYO, gym night, scouts, minute to win it. And I know you miss your friends as we are social distancing. But for now, phone calls and texting are the safest ways.

And seniors, even if this carries on and we miss your prom and graduation, we will make it up. I promise.

I love you. Stay strong. Remember to pass on kindness and goodness to each other. And please make sure to check on and help out the elders. We need your strength through all of this.

See you soon. I can't wait!

Love, Pam
